

AAF Student-Athlete Spotlight

1. How did you decide on NC A&T State University?

NC A&T State University is a great university and checks all the boxes for me. It's close to home; has a great women's basketball program; wonderful engineering program; and a great coaching staff. During my visit, I was especially impressed with the student tour guides as well as the projects the students were working on. Last but not least, I love the family feel of NC A&T.

2. What's your major?

Mechanical Engineering

3. What's your favorite part about being a student-athlete at A&T?

The amazing opportunity to compete on the Division I level while receiving a mechanical engineering degree at one of the top HBCUs in the nation.

4. What would you like to do after college?

Work as a mechanical engineer in the manufacturing industry. After I have received my desired level of experience; I will decide if I want to further my education by going to graduate school.

5. What's your favorite memory during your time here at A&T?

Having a good time at the Homecoming Football game and tailgates.

AAF Student-Athlete Spotlight

6. As a scholarship athlete, how do you feel you benefit most by the support you receive from our Aggie Athletic Foundation donors?

I benefit the most by attending college tuition-free which takes the financial burden of paying for college off of my parents.

7. If you could say anything to our Aggie Athletic Foundation donors, what would you say?

Thank you so much for funding my education and the great resources Aggie Athletics and the women's basketball team has! I really appreciate you and hope that I make you proud to say you're an Aggie.
